GET TO KNOW TOLI

Inspired by the legacy and work of Holocaust survivor Olga Lengyel, TOLI provides inquiry-based professional development seminars for middle, high school, and college educators to teach about the Holocaust, genocide, and human rights, so that students understand the consequences of prejudice and hate.

TOLI seminars model innovative, interactive, and experiential teaching methods to support the deepening of classroom practice. Educators hear from Holocaust survivors, scholars, and local experts, participate in field experiences, and learn about the history, traditions, and culture of the Jewish people before and after the Holocaust.

TOLI is recognized as a leader of professional development programs in Holocaust studies and human rights, offering in-person seminars at no charge to educators. Participants become part of TOLI's national network of Holocaust educators and are provided with year-round mentoring, programs, and resources.

"I would say that it's one of the best professional development opportunities that I've experienced as an educator. I learned more about myself and humanity through my participation in this course."
